

A group of students are gathered around a wooden table, engaged in a collaborative design project. They are looking at and pointing to various design materials spread out on the table, including a laptop, a tablet, and numerous colorful sticky notes. Some students are standing and leaning over the table, while others are seated. The scene is brightly lit, suggesting a modern, open-plan workspace or studio. The overall atmosphere is one of focused teamwork and creative problem-solving.

PLEASE READ CAREFULLY BEFORE ASSEMBLY.

- Make sure that all parts and hardware are present before assembly.
- Assembly work should be performed on a soft and flat surface to avoid scratch during assembly.
- In order to facilitate the assembly and make your final product firm and stable, please tighten by a few rounds each screw one by one. After all screws are connected, then you start to tighten each screw to the end.

Chair #1

Chair #2

Corbels from a 200-year-old farmhouse in Kentucky. (The beige color is dirt.)

If these are incorporated, the chairs will need to have a farmhouse/rustic finish that would include underpaint on the edges, crackle glaze finish

-
- Furniture Finish Example
 - Our pieces would have distressed edges primarily.
